

The logo consists of the text 'i2iP' in a white, bold, sans-serif font, enclosed within a white-bordered blue arrow shape pointing to the right. The background of the entire top section is a collage of images: a large TV in a modern room, a reception desk with a staff member, and a digital signage screen displaying a map and text. A blue circular icon with a white TV and signal waves is also present in the top right.

i2iP

AUDIO VISUAL

We supply, install and integrate digital TV's, wifi, signage and AV equipment for hospitality, health care, education and retail sectors as well as multi-dwelling residential units.

We offer interactive smart TV hotel systems from all leading manufacturers.

We offer a range of high quality large format display digital signage screens, video walls, interactive touch screens and information services.

TOSHIBA PHILIPS  **LG** **SHARP** **SAMSUNG**

Audio Visual Upgrades

We can also upgrade existing HD ready hospitality TV's enabling them with state of the art smart TV features and apps.

No need to incur the expense of changing TV's just connect our stand alone box, remote control and TV smart portal giving complete control over look, feel and functionality.

No on site survey needed just a wired or wireless network and broadband.

Connectivity can also be enhanced with our wide range of products allowing guests to simply connect electronic devices to the in room TV.

Permits use of guests own music, videos, photos, games etc. turning the TV into their personal entertainment centre.

For a no obligation audio visual review please contact:
